22 Offense charged: Possession of Child Pornography

23 Date of Detention Hearing: September 26, 2016.

24 The Court, having conducted a detention hearing pursuant to 18 U.S.C. § 3142(f), and
25 based upon the factual findings and statement of reasons for detention hereafter set forth, finds
26 that no condition or combination of conditions which defendant can meet will reasonably
27 assure the appearance of defendant as required and the safety of other persons and the
28 community.

29 FINDINGS OF FACT AND STATEMENT OF REASONS FOR DETENTION

30 1. Defendant's criminal record includes a previous conviction for two counts of

01 Attempted Lewd Acts on a Child from 2002. He is a registered Level 1 sex offender in
02 Washington State. He does not currently have an appropriate release plan in place

03 2. Defendant poses a risk of nonappearance due to lack of residence, a history of
04 unemployment, and possible mental health and substance use issues. Defendant poses a risk
05 of danger based on the nature of the instant offense, criminal history, and possible mental health
06 and substance use issues.

07 3. There does not appear to be any condition or combination of conditions that will
08 reasonably assure the defendant's appearance at future Court hearings while addressing the
09 danger to other persons or the community.

10 It is therefore ORDERED:

- 11 1. Defendant shall be detained pending trial and committed to the custody of the Attorney
12 General for confinement in a correction facility separate, to the extent practicable, from
13 persons awaiting or serving sentences or being held in custody pending appeal;
- 14 2. Defendant shall be afforded reasonable opportunity for private consultation with
15 counsel;
- 16 3. On order of the United States or on request of an attorney for the Government, the
17 person in charge of the corrections facility in which defendant is confined shall deliver
18 the defendant to a United States Marshal for the purpose of an appearance in connection
19 with a court proceeding; and
